Action required September 21-23, 1962

Item

1. AEC request for your approval of production program -- *see* *see*
also *Stikker* *file*
this is the only item that requires your action now.

2. *Say* *21³* Cable report on the situation in South Vietnam, with a summary and comment by Mike Forrestal. It may be useful to have this in mind when you hear Max Taylor. *Liaison* *file*

3. *Gavin* *14⁰* *1/106* Two cables from Gavin, one on his farewell call to de Gaulle, and one on the Norstad-Adenauer-Stikker luncheon. It looks as if de Gaulle successfully brain-washed Adenauer. It is hard to tell whether Gavin is reporting Adenauer's views, Norstad's views, or Stikker's views on MRBM's.

4. *Austria* *Czechoslovakia* *117* *5/12* More rude noises from Khrushchev. A memorandum from Hilsman summarizing Khrushchev's recent statements to high-level visitors, and reports on two further interviews with Khrushchev -- one with the Austrian Deputy Prime Minister Pitterman, and one with former Belgian Economics Minister Scheyven.
